

## The Power of the Holy Spirit – World Youth Day 2008 - Sydney

Pope Benedict XVI has extended his invitation for the youth of the world to gather in Sydney Australia for World Youth Day 2008. Catholic young people will meet from July 15-20, 2008 to learn about their faith tradition, to develop skills for living their faith in the modern world, to pray with one another for peace and reconciliation, and dedicate their energies to the construction of a more just and more fraternal society.

One of the most powerful and moving aspects of WYD is young people meeting others of different cultures, languages and regions of the world, encouraging growth and transformation. This cross-cultural experience inspires young people to become citizens of the world in recognition they are part of a global faith community. Illume experts collaborate with pastoral leaders in fostering faith and encouraging young people to live compassionate and respectful lives as witnesses of God's love.
